(54) **UTENSIL USED FOR BOTH WASHING AND CLOTHES-DRYING**

(57) Abstract:

PROBLEM TO BE SOLVED: To provide a utensil that can be used during washing without damages to washings and washing machine and can be used for clothes drying by arranging a part in the inner side of a circular frame for fixing the washings and a float for floating on the water surface.

SOLUTION: A part constituted by a keeper 2 and a supporter 3 for fixing washings is installed in the inner side of a circular frame 1, the washings can float on the water surface by a float 4. After washing, the washings can be dried by hanging a hanger 5.
